

PUBLIC QUESTIONS – PAM 12TH AUGUST

Questions received from the public for the PAM on 12 August 2019.

- **Question 1**

From – Darren Bills

Subject - Community Protection Officer

Question –

“Now there is a possibility of extra funding would the police/council consider bringing in Community Protection Officers to Lincolnshire, They have been working with great results in town and cities in Nottinghamshire”.

- **Question 2**

From - Councillor Anne Dorrian

Subject - Street Drinkers in Boston

Question –

“Inspector Fran Harrod recently reported that the reason for so few reported incidents of street drinking in Boston, was because last summer, “PCSOs Brahmbhatt and Holland had a real purge, and I believe we have reaped rewards.” The residents of Boston disagree in the strongest possible terms! Local people complain vigorously about the inadequacy of the 101 system and few folks report street drinkers because of this. Brahmbhatt & Holland sound like they would make a great TV cop series but in the meantime, please can we have them back on patrol? Or if not them, a couple just like”

- **Question 3**

From – Helen staples

Subject – Street drinking / current licensing policies

Question

“Street Drinking and associated problems with drink are a problem in Boston, I would like to ask whether a review of current licencing policies would be beneficial, and whether Lincolnshire Police could begin the process to shorten licencing hours and the number of off licences permitted in an area”.

Q4

Name - Michael Brooks

Subject – Roads policing

Question –

Are we ever going to see more Traffic (Road Policing vehicles) on the A1. I am a retired Traffic police Officer from Kent, having served 16 years as a traffic patrol. The only way to make motorists behave on the roads is to see more Police vehicles on the road. The A1 in particular in question.
