**A. NON-CONFIDENTIAL FACTS AND ADVICE TO THE PCC**

**A1. INTRODUCTION AND BACKGROUND**

1. LCC undertook a capacity review of the Lincolnshire Domestic Abuse Outreach Support Service in January 2021 due to concerns raised by the service about increasing demand and the impact on timely interventions. The review highlighted that the service had seen a significant increase in referrals through each delivery quarter and within overall contract years, with the most notable rise being within 2020-21. The service was carrying a waiting list and although the Provider EDAN Lincs were managing this through a risk based prioritisation approach, the number of referrals continued to increase week on week. This resulted in waiting

lists becoming longer as the service was not able to allocate cases due to workers being at or over case holding capacity.

2. To support the service with the immediate capacity challenges additional service capacity was funded (jointly by LCC and the PCC) for a ten month period alongside piloting a revised service offer.
3. Despite the successful implementation of the internal re-focused delivery model there has not been a reduction in the number of referrals coming into the service for support.
4. A Gold group was established to monitor demand and analyse the source and risk level of referrals coming into the service and to identify any additional actions that could assist in predicting and managing future volumes for the remainder of this contract and in light of re-commissioning in 2023.
5. Despite the work undertaken through the Gold group, there remains a discrepancy between service capacity and demand in 2022/23. From April 2022 LCC have identified a funding gap of £145k to see the service delivered through to the end of March 2023.
6. LCC has approached the PCC for support with 50% of the costs (£72,500) which would support additional service capacity within the commissioned domestic abuse outreach service from April 2022 to March 2023 when the new LCC commissioned model will commence.

## **A2. LINKS TO POLICE AND CRIME PLAN AND PCC'S STRATEGIES/ PRIORITIES**

This grant will help to deliver the following strategic aims and priorities set out in the key principles of the Community Safety, Policing and Criminal Justice Plan for Lincolnshire 2021 - 2025. These are: Community Safety and prevention in partnership; Protecting and supporting victims and the vulnerable.

## **B. FINANCIAL CONSIDERATIONS**

The cost net of VAT (£72,500) will be met through the Development & Partnership Working reserve.

## **C. LEGAL AND HUMAN RIGHTS CONSIDERATIONS**

*[This should include the legal powers the PCC has for making the decision]*

Section 9 of the Police Reform and Social Responsibility Act 2011 provides Police and Crime Commissioners with the powers to award crime and disorder grants to any organisations and projects which, in the opinion of the PCC, will secure, or contribute to securing, crime and disorder reduction in the police area.

In addition, Section 143 of the Anti-social Behaviour, Crime and Policing Act 2014 provides Police and Crime Commissioners with powers to provide or commission services. Within the meaning of this section, a PCC may provide or arrange for the provision of:

- (a) services that in the opinion of the PCC will secure, or contribute to securing, crime and disorder reduction in the PCC's area
- (b) services that are intended by the PCC to help victims or witnesses of, or other persons affected by, offences and anti-social behaviour

(c) services of a description specified in an order made by the Secretary of State.

A PCC arranging for the provision of services under this section may make grants in connection with the arrangements. A grant may be subject to any conditions (including conditions as to repayment) that the PCC thinks appropriate. For the purposes of the legislative provision “anti-social behaviour” means behaviour by a person that causes or is likely to cause harassment, alarm or distress to one or more other persons not of the same household as that person; “crime and disorder reduction” means reduction in levels of:

- (a) crime and disorder (including anti-social behaviour and other behaviour adversely affecting the local environment),
- (b) the misuse of drugs, alcohol and other substances, and
- (c) re-offending.
